Frontend Developer

📍 Bangalore, India    ✉ bhavanarangaswamy2001@gmail.com    ☎ +91 7892926625    🌐 in/bhavana-r-6543732a1

## OBJECTIVE

---

A passionate front-end developer with a strong foundation in HTML, CSS, and JavaScript and frameworks such as ReactJS. Skilled in creating responsive, user-friendly interfaces and eager to learn and grow in a dynamic development environment.

## EDUCATION

---

### Bachelor of Engineering

Dr. Ambedkar Institute of Technology • 2019 – 2023 • 7.60 CGPA

### Pre-University

Vijaya Composite Pre-University • 2017 – 2019 • 80%

### SSLC

Vijaya High School • 2016 – 2017 • 86%

## SKILLS

---

- **Programming Languages** – HTML, CSS, JavaScript.
- **Frameworks** – React JS.
- **Database** – MongoDB, MySQL.
- **Tools** – VS Code, Git, GitHub.

## PROJECTS

---

### Food Delivery Website

- A food delivery website featuring a Home page that displays the menu and food items, along with a Cart and Order page for seamless transactions. The project also includes a Sign In/ Sign Up popup built with React.js for user authentication.

### Portfolio Website

- A dynamic React.js portfolio website to display a developer's skills and projects. Built with responsive design, it ensures optimal viewing on all devices. Subtle animations and personalized styling enhance the website's visual appeal and usability.

### Form Validation

- A React.js form validation that verifies user inputs, ensuring fields like email, password and required information are correctly filled. It provides immediate error messages for a smooth user experience.

### Weather API

- Developed a JavaScript-based weather app that fetches real-time weather data from the OpenWeatherMap API, displaying key information such as temperature, weather conditions, humidity, and wind speed for any specified city.
